Thanks Jason, I really appreciate the Board making themselves available, I didn't think you really wanted to talk to Rick but I wanted to make sure that you know you can request a meeting anytime.

The Chairman offered some time in Palmer on Saturday during the shareholder meeting. I shared this with Rick and will let you know if we can get Lek out for that opportunity.

I will be in touch.

Thanks! Tami

Tami,

There was nothing in particular that the Board wanted to discuss. We were trying to make ourselves (and the board) available should Lek want to spend time with them. Since its board meeting week it would be a challenge but we wanted to stay flexible. I'll let our Chairman know that at this point, we won't plan on EPA staff coming in this week. If something changes, let me know. Jason

Hi Jason,

I just heard from Rick that Lek will not arrive until Friday afternoon and they will head out to Dillingham. Rick Parkin will be here, so if there is anything the Board would like to discuss with him we could come over.

Thanks!

Tami

Tami,

I understand you have an EPA official who would like to meet with BBNC Board Members on Friday August 10th. Please have them contact me on my cell phone at: [REDACTED] as we will be in a board meeting all day.

Assuming the Chairman can make time on the agenda, we can try to break from our meeting and spend a little time hearing from the BBNC Board and Management about our perspective on the EPA Watershed Assessment, Protection of Bristol Bay Salmon and our concerns about the proposed Pebble Mine.
